

Key Instant Recall Facts

Year R - Summer 1

I can count and read numbers to 20.

By the end of this half term, children should know the following facts:

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20
---	---	---	---	---	---	---	---	---	----	----	----	----	----	----	----	----	----	----	----

Key Vocabulary

11 eleven	12 twelve
13 thirteen	14 fourteen
15 fifteen	16 sixteen
17 seventeen	18 eighteen
19 nineteen	20 twenty

Things to Try

The secret to success is practising little and often. You could practise these KIRFs while walking to school or during a car journey. You do not need to practise them all at once; perhaps you could have a fact of the day.

Counting Objects: Find objects in the home to count, e.g., toy cars, Lego bricks, stones, etc. Move each object as it is counted. Choose the number card that matches the total number of objects counted. Repeat with other numbers. Discuss which number is the greatest or which is more/less than the other.

Looking for Numbers: Can you find numbers up to 20 around the home and when you are out and about, e.g., page numbers in a book, house numbers, prices in a sweetshop, etc.

Songs: [Count to 20 and Workout](#), "Ten Green Bottles", "Five Currant Buns", "Five Little Ducks", "Five Little Speckled Frogs". These songs can be adapted to begin at any number.

Number Cards: Have the numbers 0-20. Can you put them in order?

Questions

How many objects do you have?

Which group of objects has the most?

Which group of objects has the least?

Can you order these numbers?

Can you read this number?
